EXPERIENCE

TECHNICIAN [JAN 2021 - PRESENT]

RYAN MANUFACTURING, INC.

Assembling wide ranges of cable harnesses from electrical engineering schematics for aerospace applications. Requires precise measuring, soldering and quality control.

OWNER & OPERATOR [DEC 2017 - PRESENT]

PIECES OF SAINT JOHN (E-COMMERCE)

My wife and I are designing, 3D printing, painting and selling art and collectibles inspired by the architecture and history of Saint John, New Brunswick. piecesofsaintjohn.com

GALLERY DIRECTOR [JULY 2017 - APRIL 2019]

COBALT ART GALLERY (RETAIL)

My responsibilities were numerous and diverse. Including, but not limited to artist research, graphic design, pricing, customer education, arranging walls and displays, administrative assistance, janitorial and manual labor, shipping & handling, transactions, social media marketing and database upkeep.

CONTRACT GAME ARTIST [APRIL 2014 - PRESENT]

SONY ONLINE ENTERTAINMENT (NOW DAYBREAK GAMES)

Modeling 3D game assets under the supervision of the project's art director from home office.

GRAPHIC DESIGNER [JUNE 2012 - SEPT 2014]

AMATEUR SPORTS PROMOTIONS (ASP)

Designing hundreds of advertisements tailored to each client's needs. Poster, brochure layout, printing and customer relations.

GRAPHIC DESIGNER [MAY 2011 - APRIL 2012]

ROKUSEK DESIGN, INC.

Product campaigning, corporate identity, website, app UI, brochure, book cover and poster design. First hired as intern then later as a freelancer.

FEATURED

CBC RADIO, TELEGRAPH JOURNAL, HERITAGE SJ [2017 - 2020]

Various opportunities arose for my wife and I to talk about our backgrounds and creative process relating to Pieces of Saint John.

ARTS QUINCY MAGAZINE [JUNE 2017]

Interview about my work on a promotional poster for a women's shelter fundraiser. The campaign leader was Donna Ferrato, an internationally acclaimed photographer.

UK LINUX FORMAT MAGAZINE [NOV 2016]

Interview on open source graphic design software.

MAINE STREET MAGAZINE (INAUGURAL EDITION) [SEP 2016]

Featured art on front cover. Interview on my process inside.
